

Formatting Guide for Qualifications

The following guidelines are to be used in conjunction with the qualification template published in March 2008. The guidelines and template are based on the standard of formatting required for submission to the Approval and Accreditation team and compatibility with NZQA's QUAL database.

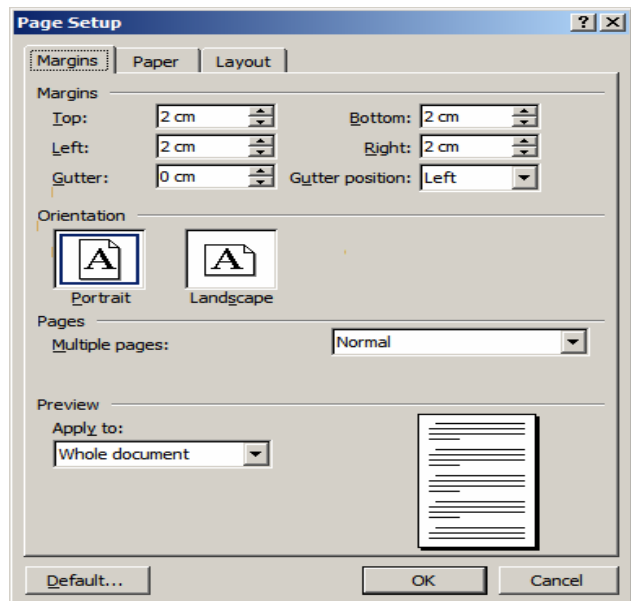

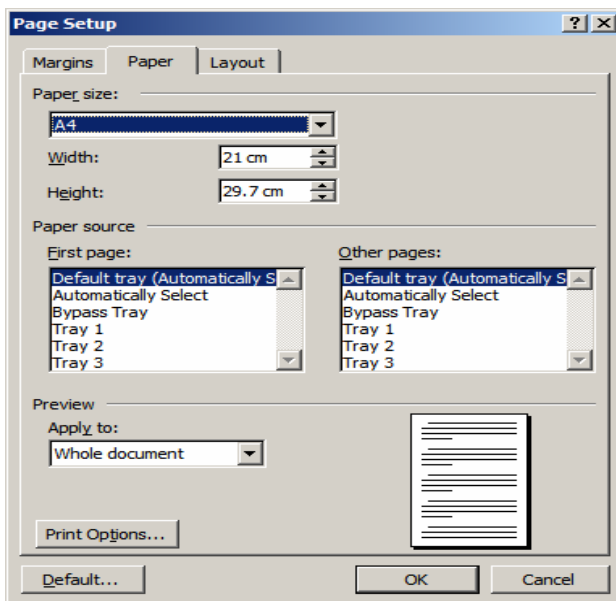

The guidelines clearly outline the presentation of a qualification. There are indications of where text and tabs are to be placed, spacing, and how text is to be displayed.

Please do not add STYLES to the formatting of the documents.

Text with no format instructions is displayed as follows:

- Capital for first word of sentences, lower case thereafter.
- Capitals to be used only for proper nouns.
- Full stop at end of sentence and paragraph.
- Two spaces after a full stop before the beginning of a new sentence.
- Normal font is Arial and size is 12 unless otherwise indicated.
- Do not insert keep together spaces in title of qualification.

Please use spell check on documents before printing them.

(Size 10 font, bold, for header text – header must appear on every page)

National Certificate or Diploma in Classification (Descriptor - optional) (Level - optional) with strands in Strand A, Strand B, and Strand C

¶¶ (Size 14 font, mixed case, bold, no full stop).

Note – if there is a strand with 'and' or a comma in it, and there is more than one strand in the title, then a semi-colon is to be used to separate the strand names.

Level	n (Size 14 font, bold, no full stop)
Credits	nnn (Size 14 font, bold, no full stop)

(Note – lined table illustrated to note level and credit placement – not visible on document)

Requirements for Award of Qualification¶

¶(1 return)

Award of NQF Qualifications

Credit gained for a standard may be used only once to meet the requirements of this qualification.

Unit standards and achievement standards that are equivalent in outcome are mutually exclusive for the purpose of award. The table of mutually exclusive standards is provided in section 7 of the New Zealand Qualifications Authority (NZQA) *Rules and Procedures* publications available at

<http://www.nzqa.govt.nz/ncea/acrp/index.html>.

Reviewed standards that continue to recognise the same overall outcome are registered as new versions and retain their identification number (ID). Any version of a standard with the same ID may be used to meet qualification requirements that list the ID and/or that specify the past or current classification of the standard.

¶

Summary of Requirements¶

¶(1 return) (Example follows)

- Compulsory standards¶
- Elective 1 – as specified¶
- Elective 2 – A minimum of xx credits as specified¶

¶(1 return)

Detailed Requirements¶

¶(1 return)

Compulsory¶

The following standards are required¶

¶(1 return)

Field > Subfield > Domain¶

Quality Management Systems¶

¶

Providers and Transitional Industry Training Organisations must be accredited by a recognised Quality Assurance Body before they can register credits from assessment against standards. Accredited providers and Transitional Industry Training Organisations assessing against standards must engage with the moderation system that applies to those standards. Accreditation requirements and the moderation system are outlined in the associated Consent and Moderation Requirements (CMR) for each standard. ¶
