Hei Tīmatanga | Introduction

The New Zealand Diploma in Ngā Toi (Level 5) is intended for practitioners seeking to broaden operational, technical and theoretical knowledge, consistent with tikanga and reo, in one of the following fields of Ngā Toi – Whakairo, Ngā mahi ā te Whare Pora, Toi Ataata, Mau Rākau, or Māori Performing Arts.

Three education organisations with 474 graduates including a representative from Northland Institute of Technology, participated in the online consistency review event. Common ngā toi strands represented were: Raranga, Whakairo, Mau Rākau, Toi Ataata Rauangi and Māori Performing Arts. Two organisational representatives presented detailed mixed-media reports. One organisational representative chose not to present while the remaining representative observed the nature of the event.

NZQA and Te Whare Wānanga o Awanuiārangi are co-developers of this qualification. A Māori Qualification Service team representative attended the online consistency review event.

This qualification is due for review by the end of 2021.

He kōrero taunakitanga | Evidence

The education organisations provided a range of evidence to demonstrate that their graduates met the graduate profile outcomes.

Te paearu arotake | Evaluative criteria

The criteria used to determine if the pātai arotake was answered were:

- The nature, quality and integrity of the evidence presented by the education organisation
- How well the organisation has analysed, interpreted and validated the evidence, and used the understanding gained to achieve actual or improved consistency
- The extent to which the education organisation can reasonably justify and validate claims and statements relating to the consistency of graduate outcomes, including in relation to other providers of programmes leading to the qualification.

Te pātai arotake | The evaluative question

Mā te āta whakaputa i te kaupapa, me pēhea e tutuki pai ai te whakairinga kōrero me ngā taunaki a te whare ako e taurite anō ai te taumata tika o ngā whāinga putanga tauira, ki ōna anō putanga tauira?

The pātai arotake seeks to understand through the expression of kaupapa how well does te whakairinga kōrero (self-reflection) and supporting kōrero taunakitanga (evidence) provided by the education organisation demonstrate that its graduates match the graduate outcomes at the appropriate threshold.

Education organisations provided statements linking their organisational or programme specific values to the kaupapa of Te Hono o Te Kahurangi. This evidential link set the basis of a Te Hono o Te Kahurangi consistency review reinforced by tirohanga Māori, tikanga Māori and te reo Māori.

Education organisations provided a range of programme evidence, including their approved programme of study documentation, samples of assessments, internal and external moderation plans, moderation samples and moderator judgement statements, internal curriculum reviews, programme advisory committee minutes, education performance indicators, completion data, graduate and destination data. Education organisations consistently linked learning outcomes and assessments to kaupapa of Te Hono o Te Kahurangi as well as the graduate profile outcomes. The non-submission of finalised moderation outcomes for delivery periods 2018 to 2020 affected the overall judgement for education organisations found not sufficient – he pounamu.

Education organisation's self-identified a need to strengthen graduate survey design and collation methods to improve both capture, quality and quantity of survey data impacting on analyses. Graduate evidence highlighted the majority of the graduate cohort graduated within the Ngā Toi industry and progressed Ngā Toi practice by enrolling into next level of study at either Bachelors' Degree or Level 6 study. Graduate response rates were relative to the effectiveness of the survey design and approach.

TE HONO O TE KAHURANGI
Quality Assurance Māori
Te Pūrongo a Te Wānanga Whakataurite

Overall, the quality of the sampling was variable.

Education organisation's also self-identified the need to strengthen graduate destination tracking methods including better capture of stakeholder and next-level kaiako voice. Over 41% of the graduates from 2017, 2018 and 2019 study periods progressed into higher levels of study relating to Ngā Toi contexts whether at Bachelor or Diploma programme levels.

Overall, te whakairinga kōrero and supporting evidence supplied, by those organisations who received Pounamu Kahurangi, demonstrates that their graduates meet the graduate outcomes at the determined threshold.

Arotahi motuhake | Special Focus (includes special focus on a strand or outcome)
