

Long Term Skill Shortage List

Do you require the Skill Shortage List Assessment **Add-On** for your occupation?

If you require an International Qualification Assessment (IQA) to apply to Immigration New Zealand under the **Long Term Skill Shortage List**, please refer to the information on the following pages before you apply for your IQA to determine if you require the **Skill Shortage Assessment Add-On**. This guidance is provided for **information purposes only** and must be read with Immigration New Zealand's published [Long Term Skill Shortage List](#).

NOTE: NZQF mentioned in the requirements below refers to the **New Zealand Qualification Framework**. [Click here](#) to learn more about levels and qualification types on the NZQF.

IMPORTANT: Qualifications Recognition Services (QRS) only assesses qualifications against the requirements listed in this document. We do not assess against specific New Zealand qualifications listed on Immigration New Zealand's Skill Shortage Lists as those are intended for people who complete New Zealand qualifications at New Zealand institutes. We also do not assess work experience (unless it was a component of your qualification) nor any other requirements not related to a qualification.

DISCLAIMER: The information in this document is provided by NZQA to help applicants select the correct add-on for their IQA application (if required). **It is not intended to replace Immigration New Zealand's Long Term Skill Shortage List**. NZQA assumes no responsibility for errors or omissions in the contents provided.

LONG TERM SKILL SHORTAGE LIST OCCUPATIONS

Based on the Long Term Skill Shortage List effective from 27 May 2019.

Occupational Group	Occupation	ANZSCO code	Requirements on the Long Term Skill Shortage List that Qualifications Recognition Services (QRS) can assess against (unless indicated otherwise)	What to apply for with Qualifications Recognition Services (QRS)
Construction	Construction Project Manager	133111	<p>A bachelor's degree at NZQF Level 7, or a higher qualification with the minimum equivalent of 360 credits (approximately 3 years full time study), which includes the requirements of a New Zealand major in the focus areas of construction management, civil engineering or highway engineering</p> <p style="text-align: center;">OR</p> <p>A Graduate Diploma at NZQF Level 7, or a higher qualification which includes the knowledge requirements of a New Zealand Graduate Diploma in the focus areas of construction management, highway engineering, civil engineering or construction project management</p> <p style="text-align: center;">OR</p> <p>A diploma at NZQF Level 6, or a higher qualification, with the minimum equivalent of 240 credits (approximately 2 years full time study), which includes the knowledge requirements of a New Zealand Diploma in the focus areas of civil engineering, highway engineering, construction or construction management</p>	<p>If you hold a qualification with the requirements listed, apply for an International Qualification Assessment (IQA) with the Skill Shortage List Assessment Add-On.</p>
