## Do you require the Skill Shortage List Assessment **Add-On** for your occupation?

If you require an International Qualification Assessment (IQA) to apply to Immigration New Zealand under the **Regional Skill Shortage List**, please refer to the information on the following pages before you apply for your IQA to determine if you require the **Skill Shortage Assessment Add-On**. This guidance is provided for **information purposes only** and must be read with Immigration New Zealand's published [Regional Skill Shortage List](#).

**NOTE:** NZQF mentioned in the requirements below refers to the **New Zealand Qualification Framework**. [Click here](#) to learn more about levels and qualification types on the NZQF.

**IMPORTANT:** Qualifications Recognition Services (QRS) only assesses qualifications against the requirements listed in this document. We do not assess against specific New Zealand qualifications listed on Immigration New Zealand's Skill Shortage Lists as those are intended for people who complete New Zealand qualifications at New Zealand institutes. We also do not assess work experience (unless it was a component of your qualification) nor any other requirements not related to a qualification.

**DISCLAIMER:** The information in this document is provided by NZQA to help applicants select the correct add-on for their IQA application (if required). **It is not intended to replace Immigration New Zealand's Regional Skill Shortage List**. NZQA assumes no responsibility for errors or omissions in the contents provided.
