AS 91339

Exemplar D – Achieve

AS 91339 (2.32): Produce instrumental perspective projection drawings to communicate design ideas (3 credits).

Achievement	Achievement with Merit	Achievement with Excellence
Produce instrumental perspective projection drawings to communicate design ideas.	Produce instrumental perspective projection drawings to clearly communicate design ideas.	Produce instrumental perspective projection drawings to effectively communicate design ideas.
Uses perspective projection drawing techniques to communicate complex visual information.	Uses perspective projection drawing techniques to skilfully communicate complex visual information.	Demonstrate an ability to select a viewpoint that enables complex visual information of the design to be effectively communicated.
The instrumental perspective drawing shows design features .	The instrumental perspective drawing clearly shows detail of the design features.	The instrumental perspective drawing clearly shows detail of the design features.

Overall level of attainment for 91339
A

COMMENTS:

The perspective principles have been applied and the setting up and use of the height line is correct.

Design features are shown. However the choice of station point in relation to the picture plane has resulted in a small perspective drawing, making it difficult to show depth and detail of design features.

A larger perspective would allow the design features to be shown in more detail.
